

Robert A Caporino

5 Dover Circle Ridge, NY ♦ rcaporino@gmail.com ♦ 631-332-9711 ♦ RobCaporino.com ♦ GitHub: Rcaporino

OBJECTIVE

To obtain an entry level position field of computer science and software development where I can continue to learn new things and grow as a developer.

EDUCATION

Saint Joseph's College – Patchogue, NY

Bachelor of Science, Major in Math and Computer Science, completed December 2019

Relevant Course work:

Intro to Computer Science | Intro to Java | Java Programming | Advanced Java | Algorithms and Data Structures | Scripting Languages | Database Systems | Advanced Database Systems | Mobile Applications | Software Engineering & Meth | Operating Systems | Discrete Mathematics | Calculus I | Calculus II | Linear Algebra

SKILLSET:

Languages – Java, JavaScript, Python, R, SQL, PL/SQL, XML, HTML, CSS, JSON, Visual Basic

Tools/Frameworks/Database – Vuejs, Git, Bootstrap, Bootstrap-vue, MySQL

Proficient understanding of Java, JavaScript, and Vuejs, ability to work well with others, good problem-solving skills, fast learner, good listening skills, team player.

PROJECTS

RobCaporino.com – Website built using Vuejs and Bootstrap-vue. This website is used to host my contact information, as well as a central place for my projects.

Drive dry - Lead a team of students on developing an android application that allowed users to track their blood alcohol content and alert them when it was unsafe to drive.

Dragon Radar - Web-Based application that provided users the ability to search for cards based off user defined parameters.

COMMUNITY SERVICE

*Achieved the Rank of Eagle Scout July 2012

Organized and Executed a Plan to Beautify the Missing In Action Memorial at Calverton National Cemetery

Coordinated Several Fundraising Events for the BSA

Raised Over \$2200 to Buy Needed Materials for BSA Project
